Dear Parent/Carer,

School buses will run from 8th June 2020 on usual routes but capacity will be significantly limited due to the need to maintain social distancing on public transport. For that reason and unless it is absolutely essential for your child to catch the bus, please do everything possible to support them to travel to-and-from school via other methods, such as walking or cycling. The last thing we want is students stranded at a bus stop because there is not enough room for them to travel, so the use of public transport should be avoided if at all possible.

For any child who cannot walk, cycle or be dropped off at or near their school, parents are asked to complete the following form to help us to understand the likely number of students who do need to use the bus service. This must be submitted by midday on Wednesday 3rd June 2020 and you will receive a response on Friday 5th June 2020. Please note that if the service is over-subscribed, priority will be given to those students who live furthest from their school. If you do not have access to the internet, please contact the Education helpline number on 733017 to highlight the need for this service.
